

Half Day Buenos Aires City Bus Tour

See all of the most impressive and significant landmarks in the city of Buenos Aires on this comprehensive bus tour of the capital of the Argentine Republic.

It is widely agreed that a bus tour is the very best way of developing a general knowledge about a city in a short span of time. Not only people who are visiting Argentina for the first time will find this tour useful, even if you have previously been to this country, you are bound to learn something new. So hop on, relax and enjoy.

This tour gives you a broad browsing of the many different corners and styles that compose the big picture of Buenos Aires, a city that is as complex as it is large. For example, throughout the trip, you will become acquainted with renowned places such as the sprawling Plaza de Mayo; the elegant San Martin, one of the many little cities that compose the larger Gran Buenos Aires; and even the lush Congressional Plaza.

The comfortable bus will drive you down some of Buenos Aires' most famous avenues. Some examples are Corrientes, Mayo, 9 de Julio, and many more. All of these magnificent promenades take you to a variety of historical neighbourhoods, from La Boca and San Telmo to the sumptuous Palermo and Recoleta. The day, of course, isn't complete without seeing the large Football Stadium.

The tour includes a 15 minute break in the beautiful Plaza de Mayo and another half an hour one at the charming and colourful Caminito La Boca.
